ANNOUNCEMENTS

Best Wishes for a Safe and Fun-filled Christmas - From Danny, Paul & the Team

Another Christmas and New Year is newly upon us. 12 months, a year, seems to pass one might say even more quickly than ever before, however the best advisors assure us that time is still occurring at surprisingly the very same rate. What I do know is I/we are all a year older. I personally find a closer sense of calm occurring with the ageing process and with that, the ability to reflect on what I believe to be the important things in life - family, friends, health and contentment. From myself, Paul and all of the Net team, we wish you a wonderful family time, sincere friendships, good health and happiness. Thank you for the associations that we share with you all.

Just Joking!

A guy is driving around the woods and sees a house with a sign saying "TALKING DOG FOR SALE".

He knocks on the door and the owner tells him that the dog is in the backyard. The guy goes into the backyard and sees a nice looking Labrador Retriever sitting there.

"You talk?" he asks the dog. "Yep," the Lab replies.

After the guy recovers from the shock he asks "So, what's your story?"

The Lab looks up and says, "Well, I discovered I could talk when I was pretty young and I wanted to help the government so I told the CIA. In no time at all they had me jetting from country to country, sitting in rooms with spies and world leaders because no one figured a dog would be eavesdropping."

"I was one of their most valuable spies for eight years running, but all the travel really tired me out."

"So I signed up for a job at the airport to do some undercover security, listening to suspicious characters. I uncovered some incredible dealings and was awarded a batch of medals."

"I got married, had a mess of puppies and am now just retired."

The guy is amazed. He goes back in and asks the owner what he wants for the dog.

"Ten dollars," the owner says.

"Ten Dollars? This dog is amazing! Why on Earth are you selling him so cheap?" asks the guy.

"Because he's a liar," replies the owner. "He's never been out of the yard."
